## **MISSION**

The mission of Guadalupe Regional Middle School is to offer a tuition-free, quality Catholic education to boys and girls in grades 6, 7, and 8 whose families desire but cannot afford a Catholic education.

This academically challenging school teaches its students how to live the gospel values of love, justice, self discipline and respect for others with the goal that they will become the future leaders of the Brownsville civic and church communities.

## **PHILOSOPHY**

The philosophy of Guadalupe Regional Middle School draws upon the traditions of the three religious congregations that sponsor the school - the Congregation of Christian Brothers, the Marist Brothers of the Schools, and Sisters of the Incarnate Word and Blessed Sacrament -

Our educational philosophy is embodied by the following four pillars:

- Religious formation
- College preparatory instruction
- Educating the whole person
- The Christian learning community

Dear Friends of GRMS,

On behalf of the faculty, staff, and, more importantly, the parents and students at Guadalupe Regional Middle School, I want to thank you for your generous support throughout last school year. It was an eventful and important year on many levels and for many reasons. After almost two years of interruption due to the COVID-19 pandemic and the safety protocols we had to put in place, we were able to return to normal in-person classes in our building and to some of our cherished annual events: the Fall Blessing, Trunk or Treat, the Charro Days Viewing Party, and our Scholarship Gala celebrating our 20th year of serving Brownsville community.

While the pandemic was disruptive and truly a scourge in our community, there were some hidden blessings that resulted. In-person classroom instruction and student participation are preferred by far. However, in the pandemic, we discovered new ways to maintain our connection with our students and prevent them from falling behind. Remote classes via ZOOM, the use of Google Classroom and Jupiter Ed allowed us to keep our students engaged when in-person participation was not possible. We now have sufficient laptops, tablets, and hotspots to provide our student for special projects and for remote learning when the need arises. Even now after our return to in-person classes, we use these tools.

We had a bumpy beginning in the fall of 2020. Twice after the school year started, we had to interrupt classes to implement COVID safety protocols. Nonetheless, we had a successful year graduating the class of 2022 with 21 new alumni of GRMS.

None of this could have happened were it not for our sponsors: the Sisters of the Incarnate Word & Blessed Sacrament, the Marist Brothers of the Schools, the Edmund Rice Christian Brothers. Nor could we have done it without the loyal support of the members of our Society of Our Lady of Guadalupe (local couples and individuals who make an annual pledge in support of GRMS).

Guadalupe Regional Middle School has a bright post-pandemic future because people like you believe that education (particularly Catholic education) is one of our best tools for breaking the cycle of poverty and violence that plague so many of our border communities. However, there is one small problem. Those who could most benefit from what GRMS has to offer, often do not even know that we exist—we are one of Brownsville's best kept secrets. Help us spread the word—everyone in Brownsville should know about GRMS and be proud that their city is the only city in all of Texas with such a school.

May God bless you abundantly for your support and generosity!

Sincerely,

Brother Edward Bergeron, CFC  
President

Dear GRMS Family of Friends,

Guadalupe Regional Middle School is blessed to have served hundreds of Brownsville children for over twenty years! Many of our past alumni are now professionals, graduate students, and beginning their own families, and often give credit to the years of formation at GRMS that helped them achieve their goals. Our current students know the legacy they are entering is one that is filled with blessings and prayers from our school community.

The 20th Anniversary in 2021-2022 marked a milestone for the school, and our annual Scholarship Gala was a special night where all shareholders came together to celebrate God's work. The Most Rev. Daniel E. Flores, Bishop of the Diocese of Brownsville, said it best, "This is God's school and we are called to make His work a success in the lives of His children." At GRMS, every faculty and staff member answer that call each day when they come on to campus and work with the students. Every donor to the school also answers that call with their generosity in sustaining this school each year. Together the efforts reap the benefits in the life of each student and their future.

Our families at Guadalupe Regional Middle School are extremely appreciative of all that the school presents to their student. Many know that without GRMS, the opportunity of a Catholic education would be merely an unattainable dream. These families are just as committed to GRMS in doing their part to support school initiatives, events, celebrations, and our faith formation with their student. After twenty years, the legacy of siblings is celebrated, and "big brothers and sisters" are now proudly supporting their younger siblings in "their school". This is a joy to see their pride, and alumni visits are filled with smiles and love when on site.

Everyone plays a role in the success of this school beginning with our Heavenly Father. It is through His master plan that we are all here together, each doing their part, in ensuring that GRMS continues into the future.

Thank you for supporting the mission of Guadalupe Regional Middle School, for doing your part, and most importantly, for answering God's call to make a Catholic education available to all His children.

Live Jesus in our Hearts, Forever!

Dr. Virginia G. Miller,  
GRMS Principal

Dear Friends of GRMS,

It gives me great pleasure, and it is an honor to be part of Guadalupe Regional Middle School's noble mission of providing a Catholic education to our local Brownsville children at an all-scholarship school. To serve as Chairman of the GRMS Board, I along with my colleagues, extend our time and efforts to this worthy cause; and thank all who join us in supporting GRMS.

We know that the school is successful in ensuring girls and boys having the opportunity to not just be prepared academically, but to learn about values and moral standards. This in turn is so they can develop into caring human beings and is what makes GRMS a wonderful influence in the development of our local children.

The school went through challenging times during COVID, and recently with post-COVID issues, but we have been very fortunate to have a wonderful staff that is so committed to the school and its students. Very few schools can recognize staff that have been with them since their first day of operation, and others who have continued to serve for extended years. The school's staff has worked diligently to make sure the students come first, so they can continue with their education and goals for the future.

Going forward we will continue to work effectively to reach out to more students and their families, hence increasing the school's enrollment to benefit as many Brownsville residents as we can.

I want to extend a very heartfelt thank you to all families that have so generously supported Guadalupe school throughout the years. Without our school benefactors shared belief in this important community mission, the school could not sustain itself throughout the years. Valuable community donors support GRMS through their donations, their sponsorships at our annual events, and with their presence at these events. I encourage all to please share Guadalupe Regional Middle School's story, so we can reach out to more children in our community.

God Bless,

Mr. Raul Villanueva  
Chairman of GRMS Board

# GRMS FACULTY PROFILES

*Guadalupe*  
Regional Middle School

#COLLEGEANDHEAVEN

A member of the Edmund Rice Christian Brothers, one of the religious congregations who sponsor Guadalupe Regional Middle School, I arrived in Brownsville in July 2002 to be part of the initial faculty. A small team consisting of Br. Leo Shea FMS, Mrs. Cathy Thomas, Mrs. Patricia Flota, Mrs. April King, Br. David Concannon CFC, and Br. Bill Cronin CFC, and myself. We were optimistic and very hopeful that this project would first, get off the ground and then, perhaps be successful. We had few resources, but a lot of faith that God would be with us. We opened the doors and welcomed our first group of six graders, about 21 in all, in mid-August.

Thankfully we had some community support as well as resources from one of the sponsoring congregations that we managed to finish our first year, a year that had both happy stories and some not so. The decision was made at the end of that first year to recruit our second class. This repeated at the of the second year, then the third and continued to be repeated to the present, our 21st year.

Over time we took as our motto, 'College and Heaven', to emphasize two themes that define our existence. We are a Catholic middle school where we hold in high regard religious instruction and celebration in the life of the church through participation in the sacraments, especially the Eucharist. We afford time and opportunity for communal prayer at the start and end of the day and before each class. Another theme among teachers and students, which we attempt to put into practice, is respect for the human person as created in the image of God.

Our message is: "We are created in the image of God and are therefore holy". As faculty we need to recognize our students as "Created in the image of God and therefore are holy".

The second theme we emphasize is that every student has the opportunity to fully develop their gifts academically, physically, and socially. Our hope is that our graduates will be well prepared to participate fully in the life of the high schools that they will attend. We provide them with some of the skills that will enable them to move beyond high school and into college or other professional training facilities to prepare for rewarding careers.

I have come to Guadalupe Regional Middle School so that students will be able to attend a Catholic school and receive instruction in their faith. This has not been available in many parts of the country due to the high cost of tuition to attend faith based schools.

Through the blessings of the Diocese of Brownsville, our three sponsoring religious congregations, and the generosity of many donors I am privileged to have had to opportunity to serve the students and graduates of our school. Our school is 'tuition free' or nearly so to enable families of modest means to avail their children a Catholic education. This is one of the reasons I have come here from a career as a teacher in several of the school conducted by me congregation. Having a science and math background I considered myself able to assist in our project. This is a life change that I am not sorry as I have developed and grown, received much in my time here.

I have been the science and keyboarding teacher and more recently the math teacher for grades 6, 7, grade 8 pre-algebra and grade 8 algebra 1. At present I am partially retired and now am responsible for the Algebra 1 course and a variety of non-academic chores.

Br. Arthur Williams CFC  
Edmund Rice Christian Brother  
20th year

Wow! 20 years ago, I would have never imagined being where I am now. I have been part of GRMS for the last 20 plus years. In 2002 I was a GRMS parent and six years later, I became the secretary / nurse / mom to so many little faces to which I have had the privilege of working with every day. I wouldn't have it any other way.

Our family first heard about Guadalupe from a family friend. At that time, my oldest was just finishing 5th grade. Not only did my oldest daughter attend but her two younger sisters as well. The experiences Guadalupe provides for so many of our students and their families are endless. GRMS allows our students to have the opportunities of their first time on a plane, first time away from home. They can see what this world has to offer.

At this school we can see the positive impact our school has on our children, which drives us to want to keep giving. As a parent and employee, I see there is no other school like it. It gives so much for so little in return. Having GOD as our guide has strengthened our faith, and our love has only gotten stronger. We choose GOD first.

God bless our little blue building and everyone who has set foot in our classrooms.

- Celia Smith, Administrative Assistant

I applied to Guadalupe in 2002, because I saw an ad in the newspaper. I went to GRMS to talk to then principal, Kathy Thomas. I didn't hear from her so I went to Merida, Mexico to bring my son because we were moving back to Brownsville. I was in the swimming pool and my mom answered the phone and it was Dr. Thomas telling me that I had gotten the position.

I started teaching alongside Brother Arthur, Brother David and Brother Bill, and April; that was all the faculty. I taught Religion and Spanish. Mrs. Martinez started as a volunteer for P.E. and we became friends. I was in love with the mission of the school, and I still am. I believe in what we do. I really believe that my mission in life is to share the love of Christ with the younger generations .

- Patricia Flota, GRMS Religion Teacher since 2002

During Sunday mass, they informed the community that they would open a new Catholic school for families who had children entering the 6th grade. My daughter, Lili, was about to complete the 5th grade. My husband and I went to ask for information the next day. We enrolled our daughter at GRMS, and I started volunteering as a coach throughout the school year.

Eventually, they offered me a position at the school. I have been at GRMS for 20 years. GRMS has been a blessing for me. I love the atmosphere and the respect we have between teachers and students. We have formed a beautiful family. When I'm at GRMS, I feel at home.

Through these 20 years that I have dedicated to GRMS, I feel happy and full of having given my best years to educate children, many of whom are already professionals. I am proud to know that although it has been a small part of me, I have contributed to their professional careers.

-Alma A. Martinez, Physical Ed Teacher at GRMS since 2002

# GRMS + Alliance For Catholic Education

Growing up in Southern California and going to college up north, I never expected that I would be teaching middle school science in South Texas. However, since I joined the Alliance for Catholic Education with the University of Notre Dame, my life's adventure has led me here anyways. Serving with ACE has provided me the great blessing to be able to serve our students at Guadalupe Regional Middle School. My favorite part about teaching is how each day is a brand new adventure with these students. They are full of so much joy, and it is clear to me how the Holy Spirit is working in GRMS to help these young people become the best versions of themselves.

- Michael Badzey, ACE Science Teacher  
2021-2023

Teaching at Guadalupe Regional Middle School has been a tremendous honor and privilege in my life. My small Catholic college in upstate New York guided me to a unique program called the Alliance for Catholic Education, and saying yes to that invitation has led me on the adventure of a lifetime. I am blessed to be able to work with the energetic, passionate, and charismatic students of Guadalupe every day in the social studies classroom, as well as after school on the basketball court. I am incredibly grateful to serve GRMS for two years through the ACE program. Witnessing the progress and growth of the students at Guadalupe each and every day is a beautiful gift.

- Michael Averill, ACE Science Teacher  
2022-2024

The Alliance for Catholic Education (ACE) seeks to develop a corps of highly motivated and committed educators to meet the needs of our country's elementary and secondary schools. ACE Teaching Fellows represent a broad variety of undergraduate disciplines, with a diverse set of backgrounds and experiences. ACE provides an intensive two-year service experience encompassing professional development, community life, and spiritual growth.

Throughout my teaching experience, I have worked at Catholic schools and I feel God has called me to work and serve at Guadalupe Regional School. I hope to pass along the passion I feel for Reading and Writing to my students. I feel very fortunate and privileged to mold young minds and to interact with them on a day to day basis. The students bring such energy and joy to the school. As a community, we are a very special school, where we are able to attend Mass each week with our students and truly actively live the Gospel. There are special relationships being developed here each day, with our students, colleagues, and administration. I am happy to be a part of this wonderful place.

- Claudia Martinez Reyes, GRMS English Teacher

Blessed to have been a student, alum and now teaching students that are now in the seat I once sat in. I love being able to tell people that I am a proud alumni and talk about the .

- Sam Smith, GRMS Alum '11 & Technology Teacher

"Guadalupe Regional Middle School: It's the best kept secret in Brownsville!" How true these words are, for I learned of GRMS only a few years ago. When I was invited to join the faculty, I had no idea what abundance awaited me. What I found has been a unique school family led by highly experienced administration and a dynamic, faith-rooted faculty which genuinely loves and cares about our students and their families.

My students are the most loving, genuine, and truly deserving students with whom I have ever had the pleasure of teaching. Each has become a unique blessing in my life, and it is my fervent prayer that I may enrich their lives spiritually as much as they have enriched mine while providing quality instruction and new educational challenges and opportunities each day. Our motto is "College and Heaven." From my vantage point, I have found a little bit of Heaven on Earth here at Guadalupe!

-Emily Foltz, GRMS English Teacher

To our Catholic school educators, thank you for all the time, effort, and sacrifice you place in teaching others about the faith which you yourselves love.

# CATHOLIC IDENTITY

GRMS is one of the Catholic schools within the Diocese of Brownsville and the importance of Faith Formation is as important as the academic curricula.

The Catholic identity is found throughout the campus, in each classroom, the daily Religion course, weekly mass, and daily prayers. Our students lead our school mass as the alter servers, lecturers, ushers, gift bearers and choir that allows them to take an active role in our mass.

Bringing the Liturgical Calendar to life for our students is critical in developing the future of our Catholic faith with the recitation of the Holy Rosary, celebrating days such as All Souls/All Saints Days, our re-enactments of the Gospel in the Advent/Christmas and Lenten/Easter seasons, and the celebration of our Patroness, Our Lady of Guadalupe Feast Day each December 12th.

The Catholic Social Teachings are also connected in the occurrences of our outside world so that our students are conscientious of the community of faith beyond the school walls.

# GRMS Spirit Award 2021

## Honoring Our Long-Time Supporters

The Catholic schools of the Diocese of Brownsville have an annual awards banquet to publicly acknowledge those individuals who have dedicated themselves to the values and guiding principles underlying Catholic education and who have helped others achieve this goal.

GRMS selected Mr. Michael Motyl, former teacher and President and Ms. Dandy Pilon, former Advancement Director as the recipients of the 23rd Annual Spirit Award for Guadalupe Regional Middle School in appreciation of their years of service to the school, its mission, and students.

# Our Partners

GRMS is especially grateful to the priests of the Diocese of Brownsville who volunteer their time to provide our students with a weekly mass and to these partners:
